WORK EXPERIENCE

IT Help Desk

Pinlon Group Hospital | 2021 - 2023

Provide IT support by troubleshooting hardware and software issues, assisting with installations and updates, and resolving network connectivity problems. Handle user-reported issues via phone, support email and account management, and document technical solutions in the ticketing system. Escalate complex problems when needed and guide users on security best practices. Maintain IT inventory and help set up new devices for employees.

Junior Java Web Developer

DJava Factory | 2023- Present

Design, develop, and maintain Java Spring Boot applications while enhancing front-end interfaces using JSP, JSF, and Angular. Work with MySQL, Oracle, and PostgreSQL to manage application data and deploy solutions on Linux-based servers. Implement push notifications and real-time updates with OneSignal and develop hybrid mobile apps using Apache Cordova. Provide 24/7 application support, troubleshoot technical issues, and monitor system performance to ensure reliability. Collaborate with cross-functional teams to deliver high-quality software solutions for West Port Malaysia clients.
